"Cocktails, Case Law, and Corporate Rentals"

NC & SC courts have been particularly busy over the past 12 months, handing down several decisions that impact community associations. Some are good. Some are bad. A few are so ugly they might drive you to drink! So, grab your beverage of choice and join us for an entertaining and informative review of important legal developments affecting NC & SC associations.

Topics covered will include:

- Important legal developments over the past year
- Real NC & SC court cases related to community associations
- Decisions that may impact your community
- Corporate rentals (e.g. American Homes for Rent) and strategies to manage them
