"Disaster Strikes - How to Pay for It"

Though it is difficult to predict when a disaster may affect your community association, it is essential for Board members to have a plan in place to handle repairs and pay for them.

Topics covered will include:

- Having the right insurance policy in place
- The finer points of filing a claim
- Building code basics
- Building code players and how to manage them
- When can you charge the deductible?
- Understanding owners' individual policies
- How building codes come into play in disaster/loss situations
